SUBJECT: Research Project

The Research Review Committee has reviewed a research project in which your department has been asked to participate.

Project Title: To What Extent Do Young Adults with Disabilities Report Their High School Educational Experiences Prepared Them to Transition to Adulthood?

Applicant: Kaitlin Bundock and Bob Morgan, USU

The project has been approved by the District Research Review Committee. The applicant has been directed to contact you to discuss the extent of the project and to obtain your permission to conduct the study. Participation in the study is at your discretion. If you have questions or concerns relating to participation, please contact Ben Jameson at 801-567-8243.

The role that the district will play in this project, with your approval, is to send a form letter (written by the researchers) via email to former students with disabilities that have graduated as of June 2016 inviting them to participate in an anonymous online survey. The researchers will have no access to any student personal identifying information.

Thank you for your assistance.
