The Research Review Committee has reviewed a research project in which your school has been asked to participate.

Project Title: "Spanish Language Learning: Students' Self Efficacy in Advanced High School Level Courses"

Applicant: Jorge Vasquez

The project has been approved by the District Research Review Committee. The applicant has been directed to contact you to discuss the extent of the project and to obtain your permission to conduct the study at your school. If you have questions or concerns relating to participation, please contact Ben Jameson at 801-567-8243.

The project will discover and analyze how students at the advanced level Spanish and AP courses feel about their language skills and cultural understanding of the language. Mr. Vasquez is looking for patterns in students' self-efficacy that will help him implement effective pedagogical practices that will enhance language learning.

Thank you for your assistance.
