---

The Research Review Committee has reviewed a research project in which your school has been asked to participate.

Project Title: Teachers' Using Cell Phones During Instruction and the Effects it has on Student Usage of Cell Phones and Etiquette

Applicant: Meagan Benson

The project has been approved by the District Research Review Committee. The applicant has been directed to contact you to discuss the extent of the project and to obtain your permission to conduct the study at your school. Participation in the study is at your discretion. If you have questions or concerns relating to participation, please contact Ben Jameson at 801-567-8243.

The research project focuses on the use of cell phones as part of instruction. District research approval does not take into consideration individual school cell phone policies. You as the principal can provide further direction to the researcher in regards to West Jordan High's cell phone policy for in-class use.

Thank you for your assistance.
