SUBJECT: Research Project

The Research Review Committee has reviewed a research project in which your school has been asked to participate.

Project Title: Early Childhood Longitudinal Study, Kindergarten Class of 2023-24
(ECLS-K:2024)

Applicant: U.S. Department of Education, NCES, ETS

The project has been approved by the District Research Review Committee. The applicant has been directed to contact you to discuss the extent of the project and to obtain your permission to conduct the study at your school. Participation in the study is at your discretion. If you have questions or concerns relating to participation, please contact Ben Jameson at 801-567-8243.

The project will involve the designation of a school coordinator who will work as the liaison between NCES and the school. NCES will have an assessment team from ETS administer a cognitive assessment. The survey will span the 2023-24 school year as well as the fall of 2024 when the target students are in first grade. Please see the attached materials for more information on this federal research project.

Thank you for your assistance.
