

Jordan School District
Anthony Godfrey, Ed.D., Superintendent of Schools
West Jordan, Utah

Intradistrict Communication

DATE: Wednesday, August 21, 2019

TO: Shawn McLeod

FROM: Dr. Anthony Godfrey, Superintendent of Schools
Dr. Shelley Nordick, Administrator of Teaching & Learning
Ben Jameson, Director of Evaluation, Research and Accountability

SUBJECT: Research Project

The Research Review Committee has reviewed a research project in which your school has been asked to participate.

Project Title: Development of Small Group Projects Through Advanced Learner Evaluation and Synthesis of Utah Science and Engineering Standards

Applicant: Trent Grable, Weber State

The project has been approved by the District Research Review Committee. The applicant has been directed to contact you to discuss the extent of the project and to obtain your permission to conduct the study at your school. Participation in the study is at your discretion. If you have questions or concerns relating to participation, please contact Ben Jameson at 801-567-8243.

Before proceeding, the researcher has been asked to produce a parent consent form that requires a parent signature giving permission for their child to participate in the study. While there was a permission slip parents had to sign to take the project class, it did not stipulate that their child would also be participating in a research study.

Shelley Nordick, Administrator of Teaching & Learning, has expressed an interest in observing the project class that will be developing proficiency scales for the new Earth Science curriculum and that will be participants in this study.

Thank you for your assistance.
