DATE: Monday, December 5, 2022

TO: Kim Lloyd, Director of Special Education

FROM: Carolyn Gough, Administrator of Teaching & Learning
Ben Jameson, Director of Evaluation, Research and Accountability

SUBJECT: Research Project

The Research Review Committee has reviewed a research project in which your school has been asked to participate.

Project Title: What are the perceived stress levels and the contributing factors to teacher stress levels in special education in one urban school district in Utah?

Applicant: Tricia Weedon, Southern Utah University

The project has been approved by the District Research Review Committee. The applicant has been directed to contact you to discuss the extent of the project and to obtain your permission to conduct the study at your school. Participation in the study is at your discretion. If you have questions or concerns relating to participation, please contact Ben Jameson at 801-567-8243.

The researcher will need access to the email addresses of special educators in the districts so that she may send them a link to a survey. The researcher will also need assistance with identifying a current and former special educator as well as a district special education leader to interview.

Thank you for your assistance.
